Milk (M.B. Reduction Test)	-	-	-
Samples of Water.	-	-	17

I am, Ladies and Gentlemen,

Your obedient Servant,

(Signed) HARALD. J. NICHOLSON. M.B.Ch.B.

Medical Officer of Health.

REPORT OF THE SANITARY INSPECTOR

FOR THE YEAR ENDING 31st, DECEMBER, 1944.

Mr. Chairman, Ladies & Gentlemen,

I beg to submit to you my sixth Annual Report on the work of the Sanitary Department.

GENERAL SANITARY WORK.

Owing to the continued difficult conditions due to the National Emergency it has only been possible to give attention to the most essential and more urgent matters likely to affect the health and welfare of the general public. House repairs were very difficult but the best use has been made of the material and labour available to get the most necessary repairs carried out.

HOUSING.

The ten Agricultural Workers Cottages allocated to the Council were completed during the year and are all occupied.

Plans were submitted for alterations and improvements to five Agricultural Workers Cottages under the Housing (Rural Workers) Act. A few plans were also submitted for the provision of additional bedrooms to individual houses to meet the needs of growing families.

WATER SUPPLIES.

There have been no major extensions to the Newcastle & Gateshead Water Company's mains during the year in the Council's area.

The Council's four schemes at Whalton, Heugh, Heddon, and Kirkheaton continue to function well and give a wholesome supply for domestic purposes. During the year new cement asbestos mains were laid in the village of Kirkheaton.

The water supplied from the Newcastle & Gateshead Water Company is filtered and chemically treated and regular samples are taken for bacteriological examination. The supply has been Satisfactory in quality and quantity.

Samples from the Council's own supplies are submitted to the County Laboratory for analysis, these have been satisfactory. No treatment is carried out at these supplies.

The villages of Stannington, Belsay, Matfen, Capheaton, Whalton and Berwick Hill and East Heddou are supplied by private supplies under the control of the various Estate Owners.

The remainder in the scattered parts of the district rely on wells and springs for their supply.

Total No. of house in area.	3674	Population	12,550
No. of houses supplied from public mains.	2360	"	8,024
Direct into house.	1848	"	6,283
By means of standpipe.	512	"	1,740

SEWAGE TREATMENT WORKS.

It has not been possible to carry out any works of improvement to the Council's nineteen separate works, but they have been maintained in good working order and continue to give fairly satisfactory effluents.

SEWERAGE.

There have been no sewer extensions during the year but all sewers continue to receive regular attention and are functioning satisfactorily.

SCAVENGING.

The following parishes are scavenged by direct labour, Ponteland, Darras Hall, Little Callerton, Whalton, West Brunton, and North Gosforth, a few houses adjoining these parishes are scavenged by arrangement.

SALVAGE.

This work still continues partly in conjunction with the collection of house refuse and partly by a special collection where there is no regular system of scavenging. The amount of material available is gradually decreasing. The following amounts were collected and disposed of.

	Tons.	cwts.	qrs.	lbs.	£.	S.	D.
Paper and Cardboard.....	50.	10	0	0	323.	0.	0.
Scrap iron and tins.....	12	6	0	0	48.	18.	0.
Non-ferous metals.....			2.	0	1.	12.	0.
Rags and sacking.....	6	1	0	0	49.	0.	0.
Bottles and jars: 214 $\frac{7}{8}$ doz.	1	1	0	0	6.	8.	0.
Rubber.....	2	5	0	0	5.	12.	0.
Bones.....	3	7	0	27	18.	16.	0.
	75	10	2	27	£453.	6.	0.

RODENT CONTROL.

This work is carried out by the Council's workmen, who have had instructions on the work.

FOOD INSPECTION.

All meat consumed in the district is sent in from the Ministry of Food Pool and inspected regularly.

The following food stuffs were condemned during the year:-

	lbs,		lbs.
Beef.....	45	Cheese.....	15 $\frac{1}{2}$
Mutton	20	Fish	20
Pork	13	Biscuits.....	30
Sausage	48	Vegatables.....	184
Bacon.....	69 $\frac{3}{4}$	Fruit.....	29
Butter	16 $\frac{1}{4}$	Canned goods.....	208
Margarine.....	3 $\frac{1}{2}$		

I am,

Ladies and Gentlemen,

Your obedient Servant,

(Signed) JAMES BOLTON.

Sanitary Inspector.
